

Transportation from Boston Logan Airport to the Clarendon Square Inn

UBER

We highly recommend that you use the popular car service called “Uber”. This is an application that you load on your phone. Click a couple of buttons and polite driver will pick you up anywhere. Many of our guests find it to be much more convenient than a taxi while exploring Boston. Now for the exciting news, when you sign up for Uber you get a \$20 credit toward your first ride making your ride from the airport almost free. We typically use Uber X which is a standard car and is lower in cost than a taxi; and one added bonus, Uber drivers may not accept tips. 198 W Brookline St. Boston MA

To redeem your free \$20 credit:

1. Register with Uber at <https://get.uber.com/go/> this is best done in advance.
2. Enter the promotion code “**3ebuq**” and the credit card you want to use for payment.
3. Watch this video on how to use Uber <https://www.youtube.com/watch?v=G8VjcZeuvm0>

TAXI – print and bring these directions with you.

If you prefer, take a taxi from the airport, about \$29. Be prepared, sometimes there are lines and drivers may have problems finding our location. Tell you driver you are going to the South End.
