Travel time 15-45 min. depending on traffic.

The rental agent will give you a map of the city.

Travel toward Boston through the Sumner tunnel (\$3.00). This is not the most direct route but the best one for those not familiar with Boston streets.

At end of the tunnel, follow signs to 93 North, get on expressway and immediately thereafter exit right to Storrow Drive.

Follow the signs for Storrow Drive and be sure to avoid the left exit for Government Center.

After some curves, take the next exit for Back Bay /Copley on your left.

The ramp will bring you to a light at Beacon Street. Turn right onto Beacon Street and then left at the second intersection onto Clarendon Street.

Go about 10 blocks across the Back Bay through 8/9 lights. Now take a right on Warren Ave.

Continue three streets to West Brookline St. on the left.

We are the 5th house, #198, on the right.

Double park and ring the bell at the sidewalk level door. We will help you with parking options.
